

Top Clean TREND® XL for Large Areas

Continuously enhancing the Top Clean TREND® series, we now provides this version with broad aluminium profiles. It is best applicable in large-size, architecturally ambitious entrance areas. Ribbed carpet elements with 37 mm width and cassette brushes provide optimal dirt collection and walking comfort. Individual combinations of scraper bars and brush strips with high cleaning power may be added. Sound-absorbing, dimensionally stable, rollable and easy to clean. Available in any width and length. Special shapes at extra charge.

Aluprofil	Warp resistant aluminium profile (alloy EN AW 6060, wall thickness up to 1.5 mm) for fully supported installation.
Upper / Combinations	You may choose between various installation options or even combine several options: <ul style="list-style-type: none"> • Ribbed Carpet: UV-resistant heavy-duty polypropylene, slip-resistant properties R 11 conforming to DIN 51130 (German Industrial Standard). • Scraper Bars made of warp resistant aluminium profile. • Brush Strips made of robust polyamide 6. • Cassette Brush made of robust, heavy-duty polyamide 6, slip-resistant properties R 13 conforming to DIN 51130 (German Industrial Standard).
Underside	Base of the mat is mechanically fitted with rubber inserts for anti-slip and noise reduction.
Connection	Coated galvanized wire rope for 22 and 27 mm mat height.
Lock	Special threaded nipple with stainless steel screw (rust-proof).
Profile Spacing	Top Clean TREND® XL 22 mm: 4 and 6 mm. Flexible spacers made of rubber.
Profile Colours	Natural aluminium. Profile can be supplied powder-coated to any RAL colour (for an extra charge).
