

## Visit us either at the trade fair BAU 2019 in Munich

In the coming year 2019, we will again be present at the trade fair "BAU 2019", the world's leading trade fair for architecture, materials and systems, with our own booth. We will show you new trends and developments with regard to our entrance matting systems and we are looking forward to interesting and informative conversations with our customers and interested parties.

 **BAU 2019**  
January 14-19 · Munich  
Hall A6 | Booth 318

## ... or at the trade fair DOMOTEX 2019 in Hannover

Visit us: Hall 12,  
Stand C70

11-14 January 2019  
Hannover · Germany

The trade fair DOMOTEX proves itself a global venue for industry experts from all over the world. A place for networking where international contacts can be formed and reinforced. The guiding theme "CREATE N'CONNECT" spotlights innovative developments and ideas regarding relevant industry trends. Apart from new trends and developments about our premium entrance matting systems we will present to you – consistent with the guiding theme of the fair – the application of our BMI data.

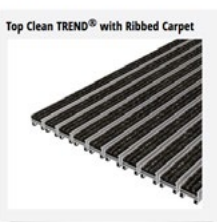

We are looking forward to your visit!

On the website of the company GEGGUS please click on the button "download" of the selected product. In the registration window you can choose the desired file type and via e-mail you will immediately receive a link for downloading the BIM data.

### What does BIM stand for?

BIM – Building Information Modelling – is an efficient, model based process for a joint, efficient planning, implementation and execution of projects regarding buildings and infrastructure. With the help of BIM, the conventional architect's drawing will be transformed into a three-dimensional, digital model. All information of the persons involved in a project will be merged centrally for common use.

The BIM data of the premium entrance matting systems can be downloaded on our website [www.geggus.com](http://www.geggus.com) when you select the respective product or on the website of our partner Polantis [www.polantis.com/de/geggus](http://www.polantis.com/de/geggus).
